Once you decide on the project opportunity and choose whether to show interest in the “Full Package” or “Components of Package”, just tick its corresponding **green** check box. You will be taken to a page to see if you have a company profile stored on ProjectConnect.

Enter your organisation name in the company textbox.

Search Tip - Use just part of your organisation name. E.g. To find “Industry Capability Network Western Australia” just enter the words “Industry Capability” or just “Industry” or “Capability”.

Also choose your organisation location (eg WA) to refine the search.

SEARCH COMPANY PROFILES

Company: **Enter company name**

Company location: **Choose company location**

After entering your organisation name and location, click the “GO” button.

This will open the below screen listing organisations that match your search criteria.

If your company is not listed, click here to continue.

If your organisation is not listed, please go back and do another search using a different part of your organisation name. See the above Search Tip.

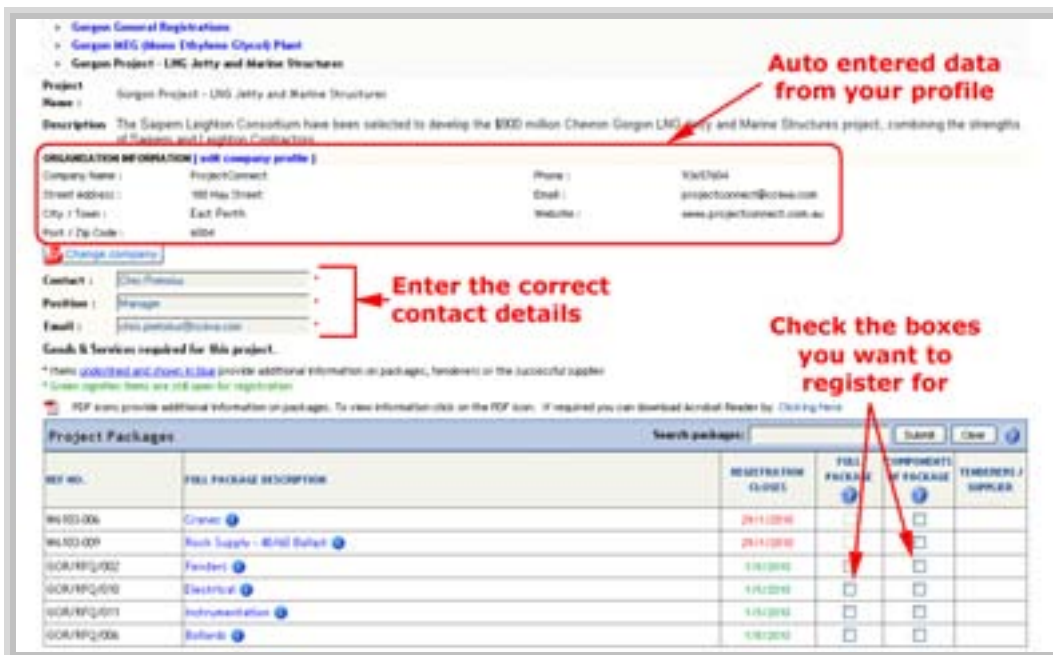

If you still cannot find your organisation’s profile in the search please goes to page seven of this help guide.

If your search found your profile clicked the “use profile” button, you will be asked to log into your account. **Please note that you can only complete a registration against a profile is you can log into the account.**

Enter your email address and password, and then click on Login. You will then be brought back to the project opportunities list.

You must then fill out the information fields which can be found above the list. You will need to supply a contact name, position and email address as shown below. By default, the information from your profile is entered here. Change it if someone else in your company is the correct contact for this package.

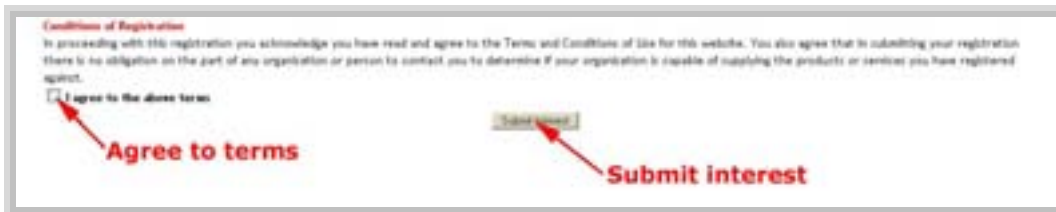

Then tick the items you want to register your interest on.

If you have chosen a “Components of Package” opportunity you will see a small comment box open under the opportunity you have chosen like below. Use this comment box to describe the product or service you wish to provide to the Full Package supplier.

Once you have finished registering, you will then need to agree to the terms of registration at the bottom of the page, and then click the “Submit Interest” button.

Once you have submitted your interest, a confirmation page is shown. This page gives you the option of printing off your registration; we would advise that you do for future reference.

IF YOU CANNOT FIND YOUR ORGANISATION'S PROFILE.

If you cannot find your profile in the search click the link at the bottom of the page called “[If your organisation is not listed, click here to continue](#)”

This will take you into a process to either:

1. Create a new organisation profile. Only organisations that have an Australia or New Zealand postal address can store profiles on ProjectConnect.
2. Register for opportunities without using a profile. This allows registrations by suppliers that do not have an Australian or New Zealand postal address.

If you could not find a profile click on the link [If your company is not listed, click here to continue](#). This will open the below page where you are provided two options.

The screenshot shows the 'New Company Profile' form. The title is 'New Company Profile'. Below the title, there is a note: '* Please note that the required fields are highlighted with red borders or text'. The question is 'Does your organisation develop or manufacture products, services or solutions, or perform research in Australia or New Zealand?'. The answer field is highlighted with a red border and contains the text 'answer...'.

Only organisations that have an Australia or New Zealand postal address can create new profiles. If you fall in this category, answer **Yes** to the question. Complete the form that appears on the screen and save your profile. You can use this profile in future to register interest in any opportunity on the system.

For additional assistance with creating a new profile see help guide “[How to create a company profile](#)” in the Help section of ProjectConnect.

*** Please note that the required fields are highlighted with red borders or text**

Does your organisation develop or manufacture products, services or solutions, or perform research in Australia or New Zealand?

ProjectConnect only retains profiles on companies with representation in Australia or New Zealand. Please proceed with your registration. Please note that some Projects or Directories will allow registration against them without supplying a company profile. However, some Projects or Directories that will require a full company profile for registration.

CONTINUE REGISTRATION WITHOUT ATTACHING A COMPANY PROFILE >>

All other organisations need to answer **No**. Click on **CONTINUE REGISTRATION WITHOUT ATTACHING A COMPANY PROFILE >>** to carry on without attaching a full company profile to your registration. This will open the following page where you will need to fill out your details and select the items you wish to register on.

*** Required Fields**

Do you have Australian based representation for your goods or services?

Does your organisation develop or manufacture products, services or solutions, or perform research in Australia?
